

Thousands of Fraternal Clubs and Bars Installed Purifans to Reduce Smoke and Odors

SMOKING ODORS

Purifans Can Boost Sales for Clubs, Bars and Bingo Halls

What do Our Customers Love About Their Purifans? They Work!

Purifans reduce smoke and odors found in most Fraternal Clubs. This makes the members happy, and boosts their participation in club events. Members want a solution for smoke and odor. They want Purifans!

The Purifan Clean Air System is easy to install. Purifans mount to the ceiling, make no noise, produce ceiling fan airflow while filtering the air in a 20 x 20 foot area 40 times per hour. Purifans make any room healthier and smell fresher. Purifans are the lowest cost solution when you consider purchase cost, filter cost and energy costs. They also last a lifetime!

Reduce Smoke Odors and Boost Sales

Purifans reduce smoking odors that drive people away.

Reducing smoking odors can boost bar and food revenues by 20%, 50% even 200% according to our customers.

Purifan is the lowest cost solution when you consider initial cost, filter costs and energy costs. Purifan use 1/2 amp compared to 8 to 10 amps for noisy electrostatic units.

Purifan filters the air up to 40 times per hour, removing unwanted cooking, building, cleaning and smoking odors.

Purifans are ideal for Social Clubs and Bars because they are quiet. They won't bother talking or activities.

Purifans keep your employees healthier. Fewer sick days for employees.

Purifans are the ideal solution for smoking sections. Purifans have been chosen by thousands of restaurants and clubs to reduce cigarette smoke and odor.

Fraternal Clubs have reported a boost in member participation after installing Purifans.

Increase food and bar sales when smoking and non-smoking customers stay longer and return more often.

Cleaner indoor air quality will reduce the spread of common colds, influenza and other respiratory illnesses that are often transferred by airborne droplets. *CDC

Your customers will recommend your club or bar to others and this is key to growing any business.

Lower heating and cooling costs. Ceiling fan air movement means no hot or cold spots in the rooms, everyone feels comfortable.

Lifetime warranty if Purifan Filters are used. Electrostatic models often fail in 24 to 36 months.

What Customers Say About Their Purifans™

"Purifans really helped remove the smells and odors in our steak restaurant. Customers and employees noticed the difference immediately. It filters the air and cleans the odors. You can really tell when you arrive at the restaurant the next day. The Purifans eliminate the odors better than anything else I've tried. I wouldn't build a new

restaurant facility that didn't have Purifans. When I get calls from other steak house operators I tell them to get Purifans. We love them."

**Sonny Glennon, Owner
Scotch and Sirloin, Wichita, KS**

"The Purifans recently purchased by our lodge have more than lived up to our expectations, starting with the installation. The air in the lounge and upper hall is noticeably cleaner. Thank you for providing a product that performs as advertised."

**Herbert J. Zeller/ Vice President
Evergreen Aerie No. 2158
Fraternal Order of Eagles
Vancouver, WA**

"We have experienced an 11% increase in food and beverage sales and a 145% increase in our bingo hall! All our members have been impressed with how well the Purifans get rid of smoke odors."

**Greg Walters
Moose Lodge 17, Indiana**

"Non-smokers say their clothes don't smell smoky when they get home! Easy to clean. Easy to install. Everyone should have one."

**L. Richards
Shelton Eagles 3862, Shelton, WA**

Your Indoor Air Pollution Solution

Matching ceiling fan motor and light kits are available. Many existing ceiling fan motors are compatible with Purifan.

Color Shown: Ivory. Also available in Bronze, Pewter and Black

5-Stage Advanced Filtering System

Reduces smoke, odors, dust, pollen, dander mold spores and other allergen particles and restaurant smells.

Advanced Filters tuck snugly inside the Purifan and are easily replaced.

PurusAire II - Smoke and Odor Filter - For Smoke and Odors, and particle reduction. Filter life depends facility situation.

The Purifan Clean Air System is the ideal indoor air pollution solution for homes, schools, day care centers, nursing homes, offices and smoke removal applications, delivering volumes of clean, odor-free air to any room. The Purifan installs easily just like a ceiling fan. The Purifan still circulates the air providing cooling and heating benefits for your facility. The only difference is... **THE PURIFAN SYSTEM FILTERS THE AIR** through the hidden Advanced Filter System trapping millions of floating allergen particles, releasing over 2,000 CFM of fresh, clean breathable air. The whole-room air flow pattern cleans every corner of a typical 20 x 20 foot room 40 times per hour. This is 20 to 100 times more clean air than popular floor or shelf models.

A Purifan is quiet, out-of-the-way, uses only 60 watts of electricity and requires little maintenance. It can be installed on most 4 or 5-bladed 52-inch ceiling fans, with or without a light kit. It comes with the first set of filters and a lifetime limited warranty if only Purifan filters are used. Purifans are the lowest cost solution that really works. Our local Purifan Product Specialists are trained to install and service your Purifans.
