NURSING HOMES

Healthier Environment for Residents

Nursing Homes Improve Odor and Air Quality Issues With Low-cost, High-Capacity Purifan Air Cleaners.

Installing Purifan in any nursing home or assisted living facility will have many benefits for both the residents and the staff.

Respiratory infections, colds and influenza are typically the number one cause of illness, missed work days and health problems for your staff and residents. Indoor air quality can be 3 to 5 times worse than outdoor pollution because of mold, pollen, pet dander, skin cells, insect dust and other contaminants. Purifans can reduce these invisible allergens and undesirable odors that come from many sources.

Purifans Offer Many Benefits in Nursing Home and Assisted Living Complexes.

Help residents live longer, healthier lives –

Respiratory related illnesses and complications are the number one cause of death in nursing homes.

Make your facility more appealing to potential customers' families because Purifans captures and eliminate many common odors such as soiled linens, cleaning chemicals and other odors.

Reduces Shared Illnesses by reducing the floating particles that help transmit contagious illnesses.

Inspectors will be impressed with health benefits, cleanliness and odor reduction.

Saves energy since Purifan have the energy-saving benefits of a ceiling fan.

Staff will feel better with fewer allergy symptoms, sick days and sinus headaches.

Purifans are quiet won't bother residents or staff.

Captures mold, pollen, common dust, decaying skin cells and even construction dust.

Use safe technology, simple filter media and Activated Charcoal filters. No ozone or ions.

Limited Lifetime Warranty if you use Purifan Filters.

ReOrder Form NHSS - 062007

Purifans mount on the ceiling out of the way.

What Customers are Saying About Purifan™

"We had the Purifan Clean Air Filtering system installed in the Manor at Park West Plaza just few months ago. The air seemed fresher within just a few hours. The Purifan Clean Air system worked even better than we expected."

Aaron Kelley, Administrator
ParkWest Plaza Retirement Community
Wichita, Kansas

"We see the Purifans as a marketing advantage in attracting new residents. Odor is a major deciding factor when selecting a nursing home. The Purifans make a huge difference. Great for the smoking room too."

Doug Wyckoff, Administrator
College Hill Nursing & Rehab Center
Wichita, KS

"We know that Purifans will make any indoor environment healthier with fewer allergens and odors. Purifans have cut the rate of absenteeism in schools by more than 60% in the first year, and Nursing Homes are very similar. Reducing the spread of contagious illnesses can really help residents and staff."

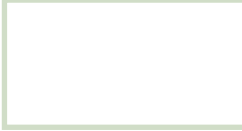

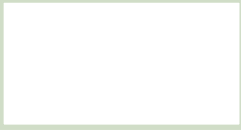

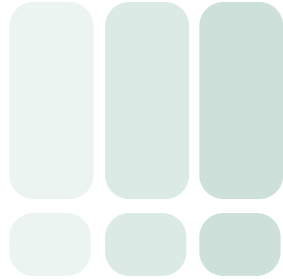

Stan Brannan, President
Purifan, Inc.

Also available in Bronze, Pewter and Black

5-Stage Advanced Filtering System

Helps remove smoke, odors, dust, pollen, mold spores, dander, decaying skin and other allergen particles.

Advanced Filters tuck snugly inside the Purifan and are easily replaced.

PurusAire I - Allergy and Odor Filter - For Allergy, Asthma and removing airborne allergens. Filter life depends facility situation.

The Purifan Clean Air System is the ideal indoor air pollution solution for homes, schools, day care centers, nursing homes, offices and smoke removal applications, delivering volumes of clean, odor-free air to any room. The Purifan installs easily just like a ceiling fan. The Purifan still circulates the air providing cooling and heating benefits for your facility. The only difference is... **THE PURIFAN SYSTEM FILTERS THE AIR** through the hidden Advanced Filter System trapping millions of floating allergen particles, releasing over 2,000 CFM of fresh, clean breathable air. The whole-room air flow pattern cleans every corner of a typical 20 x 20 foot room 40 times per hour. This is 20 to 100 times more clean air than popular floor or shelf models.

A Purifan is quiet, out-of-the-way, uses only 60 watts of electricity and requires little maintenance. It can be installed on most 4 or 5-bladed 52-inch ceiling fans, with or without a light kit. It comes with the first set of filters and a lifetime limited warranty if only Purifan filters are used. Purifans are the lowest cost solution that really works. Our local Purifan Product Specialists are trained to install and service your Purifans.
