Smoke and Odors

CIGAR SMOKE & ODORS

Purifans Are Ideal for Cigar Stores, Clubs and Bars

What Do Cigar Smokers Love About Their Purifans? They Work! Purifans will reduce cigar smoke and odors better than solutions that cost much more. They are ideal for cigar stores, cigar rooms in homes or businesses. Purifans also capture dust and allergens making the air healthier.

The Purifan Clean Air System is easy to install. Purifans mount to the ceiling, make no noise, produce ceiling fan airflow while filtering the air in a 20 x 20 foot area 40 times per hour. Purifans make any room healthier and smell fresher. Purifans are the lowest cost solution when you consider purchase cost, filter cost and energy costs. They also last a lifetime!

Reasons Cigar Smokers Love Purifans

Purifans reduce store odors creating a better shopping experience. Reducing smoking odors can boost business in cigar shops and help keep the store smelling cleaner.

Customers can light-up in some stores. Customers can evaluate cigar purchases and creates great environment.

Cigar stores can earn sales referral fees from local Purifan dealers, offering customers Purifan literature as a great way to control cigar smoke and odors in homes or businesses.

Purifan is the lowest cost solution when you consider initial cost, filter costs and energy costs. Purifan use 1/2 amp compared to 8 to 10 amps for noisy electrostatic units.

Purifan filters the air up to 40 times per hour, removing unwanted cooking, building, cleaning and smoking odors.

Purifans are so quiet, they won't bother talking, phone calls, TV viewing or other activities.

Purifans reduce the dust from ashes and smoke. Spend less wasted time dusting to clean up ash dust in your store, club, card rooms or in your home.

Purifans are the ideal solution for smoking sections. Purifans have been chosen by thousands of restaurants and clubs to reduce cigarette smoke and odor.

Fraternal Clubs have reported a boost in member participation after installing Purifans.

Increase food and bar sales when smokers and non-smokers stay longer and return more often.

Lower heating and cooling costs. Ceiling fan air movement means no hot or cold spots in the rooms, everyone feels comfortable.

Lifetime warranty if Purifan Filters are used. Electrostatic models often fail in 24 to 36 months.

What Customers Say About Their Purifans™

"We allow our customers to smoke cigars in our steak restaurant. Customers and employees noticed the difference immediately. It filters the air and cleans the odors. You can really tell when you arrive at the restaurant the next day. The Purifans eliminate the odors better than anything else I've tried. I wouldn't build a new restaurant facility that didn't have Purifans. When I get calls from other steak house operators I tell them to get Purifans. We love them."

Sonny Glennon, Owner
Scotch and Sirloin, Wichita, KS

"Rocky Patel Premium Cigars installed five Purifans in our Corporate HQ. The whole process of installation went very smooth and the end result is phenomenal! We smoke all day and these fans have really made a difference in our air quality."

Keith Maas, Sales Executive
Rocky Patel Premium Cigars
Bonita Springs, FL

"Non-smokers say their clothes don't smell smoky when they get home! Easy to clean. Easy to install. Everyone should have one."

L. Richards
Shelton Eagles Lodge 3862
Shelton, WA

"We have experienced an 11% increase in food and beverage sales and a 145% increase in our bingo hall! All our members have been impressed with how well the Purifans get rid of smoke odors."

Greg Walters
Moose Lodge 17, Indiana

Air
Pollution
Solution

Matching ceiling fan motor and light kits are available. Many existing ceiling fan motors are compatible with Purifan.

Color Shown: Ivory.
Also available in Bronze, Pewter and Black

5-Stage Advanced Filtering System

Reduces smoke, odors, dust, pollen, dander mold spores and other allergen particles and restaurant smells.

Advanced Filters tuck snugly inside the Purifan and are easily replaced.

PurusAire II - Smoke and Odor Filter - For Smoke and Odors, and particle reduction. Filter life depends facility situation.

The Purifan Clean Air System is the ideal indoor air pollution solution for homes, schools, day care centers, nursing homes, offices and smoke removal applications, delivering volumes of clean, odor-free air to any room. The Purifan installs easily just like a ceiling fan. The Purifan still circulates the air providing cooling and heating benefits for your facility. The only difference is... **THE PURIFAN SYSTEM FILTERS THE AIR** through the hidden Advanced Filter System trapping millions of floating allergen particles, releasing over 2,000 CFM of fresh, clean breathable air. The whole-room air flow pattern cleans every corner of a typical 20 x 20 foot room 40 times per hour. This is 20 to 100 times more clean air than popular floor or shelf models.

A Purifan is quiet, out-of-the-way, uses only 60 watts of electricity and requires little maintenance. It can be installed on most 4 or 5-bladed 52-inch ceiling fans, with or without a light kit. It comes with the first set of filters and a lifetime limited warranty if only Purifan filters are used. Purifans are the lowest cost solution that really works. Our local Purifan Product Specialists are trained to install and service your Purifans.
