What Customers Say About Their Purifans

"Purifans really help remove the smells and odors in Pet Stores. Customers noticed the difference immediately. I believe they shop longer because of the change in odors. We have many customers who purchase Purifans for their home to reduce allergy symptoms and pet odors. Customers with birds, cats or reptiles seem to be the most interested. I believe every pet store owner should consider selling Purifans in their store. Pet owners, Pet Stores, Groomers and Animal Clinics are looking for a solution to their pet odor issues, and Purifans are the ideal product for these applications."

Stan Brannan, President Purifan, Inc, Wichita, KS

"We installed 13 Purifans throughout our store to reduce odors. Customers browse in our store to find just the right fish, or to enjoy are exotic animals. The Purifans move the air, keep it smelling fresher and reduce the dust. Customers interpret store odors as a cleanliness problem, and it gives them concerns about the health of our animals. Cleaner air helps our store smell better, and projects the quality and care we put into our store and our animals. When they browse longer, they buy more, and that is why I recommend Purifans."

Chris Began, Owner Aquatic Critters, Nashville, TN

"So far, I'm very impressed. Purifan pulls feathers straight up out of the air into the fan. It helps immensely to keep our bird room clean. I plan to buy another Purifan for my living room. I recommend Purifans for anyone with allergies, asthma, smokers or pets."

PurusAire I - Allergy and Odor Filter - For Allergy, Asthma and removing airborne allergens. Filter life depends facility situation.

The Purifan Clean Air System is the ideal indoor air pollution solution for homes, schools, day care centers, nursing homes, offices and smoke removal applications, delivering volumes of clean, odor-free air to any room. The Purifan installs easily just like a ceiling fan. The Purifan still circulates the air providing cooling and heating benefits for your facility. The only difference is... **THE PURIFAN SYSTEM FILTERS THE AIR** through the hidden Advanced Filter System trapping millions of floating allergen particles, releasing over 2,000 CFM of fresh, clean breathable air. The whole-room air flow pattern cleans every corner of a typical 20 x 20 foot room 40 times per hour. This is 20 to 100 times more clean air than popular floor or shelf models.

A Purifan is quiet, out-of-the-way, uses only 60 watts of electricity and requires little maintenance. It can be installed on most 4 or 5-bladed 52-inch ceiling fans, with or without a light kit. It comes with the first set of filters and a lifetime limited warranty if only Purifan filters are used. Purifans are the lowest cost solution that really works. Our local Purifan Product Specialists are trained to install and service your Purifans.
